**File(s):** COUPON INFO; MERIT JAN RETAIL PROMO; MERIT NOV 28 FSI; PARLIAMENT DEC FSI

Subject: Time: 1:42 PM  
OFFICE MEMO merit & parliament forecasts Date: 9/22/1993  
Enclosed are 4 files: 3 for the forecasts and 1 showing coupon redemption by media. As I mentioned to you on the phone today, our forecast for the MERIT JAN RETAIL PROMO is much lower than what PM estimates it to be (1-3% vs 5%). Perhaps, Brand had some info that made them think that redemption for that program would be that high. Let me know if there is anything else that I would need to do on this.
